

# Quality Assurance Process

## Site Visits

The purpose of the site visit is to allow the Review Team, or if too few students, staff, faculty, and others who can most appropriately provide informed comments, and to examine the physical facilities used by the program.

A site visit, typically for two full days, can be conducted on-campus and in-person, virtually, or by desk review.

review) are not permitted for doctoral or master's programs (with the exception of certain master's programs as stated above.) (QUQAP 2.5.4.2.2 and

The Review Team members wi
