Three approaches to course selection are possible:

1) Enroll in most/all of the second year CHEM concentrator courses (CHEM 211\*/212\*/213\*/221\*/222\*/223\*). Depending on their course choices in second year, students will be able to complete their CHEM credits by selecting from a range of third year courses,

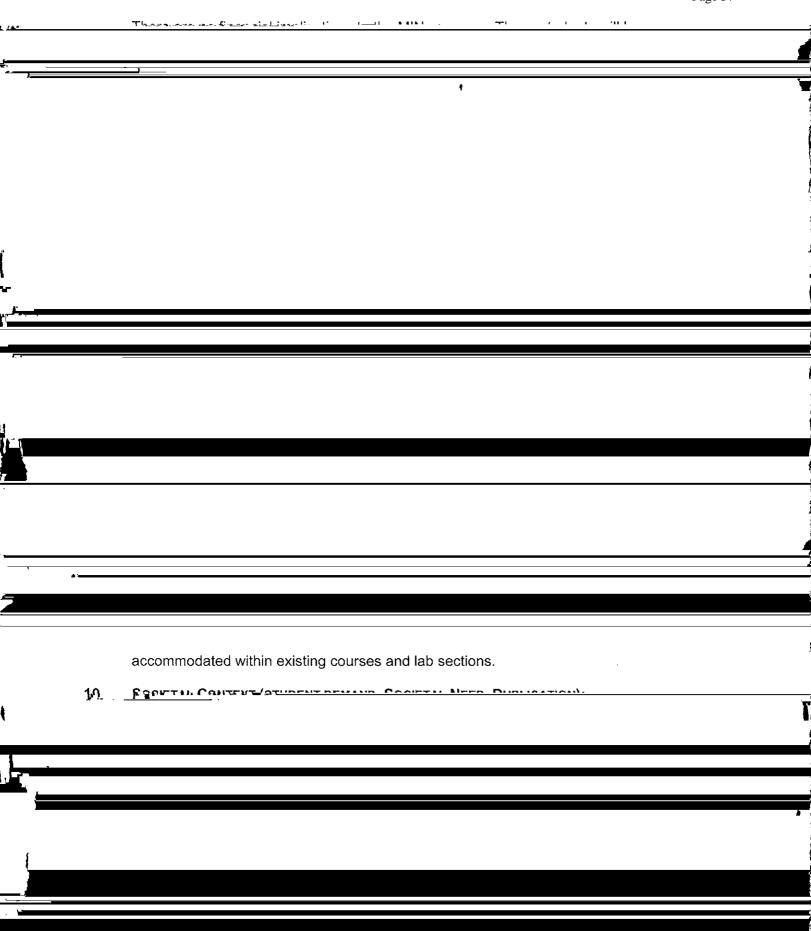

#### 4. TEACHING:

Briefly explain how the intended mode of delivery (including, where applicable, distance or on-line delivery) and standards of instruction for this program are appropriate to meet the program's learning objectives.

Teaching methods will be identical to that currently employed in the CHEM GEN, MAJ, and SSP. The CHEM MIN students will enroll in the same courses as students in CHEM GEN, MAJ, and SSP with the possible exception of CHEM 281\* and CHEM 282\* as discussed above.
