Reviewing TRAQ DSS Forms

Hospital Operational Directors - User Manual

Jucen's

- TRA Q DSS Forms that have been submitted by PIs are accessed through the TRA Q Researcher's Portal.
- You will receive an email notification whenever there is a TRAQ DSS Form awaiting your review. You will also receive a reminder email on Monday mornings drawing your attention to any applications still pending your review.
- Hospital Operational Directors with a Queen's email address (Queen's faculty & staff) should use their regular Queen's N etlD and strong password* to log into the Researcher's Portal through the Single SignOn, or through <u>MyQueensU/SOLUS</u> portal.
- External users (with K H SC and Providence Care email addresses) will log into the Researcher's Portal through the <u>Post-Registration Login Site</u> using their full email address, as their username, and the password that was created during registration.

•	Hospital Operational Directors will have at minimum three roles on their homepage: Principal	
	Investigator, Project Team Member, and Custom Signing Authority. Any TRAQ DSS Form awaiti	ng
	your approval will be available under .

TRAQ DSS Form	 TRAQ DSS Form has 4 sub-tabs: General: questions regarding location where research will be conducted and research funds will be held; overhead rate that will be applied to the amount of research funds received – this information must be verified by department head/faculty signing authority; Hospital Research: to be completed by PIs whose research is to be conducted at one of the affiliated teaching hospitals (KHSC-KGH site, KHSC-HDH site, Providence Care); Checklist
Attachments	 All attachments provided by the researcher, such as Research Proposal, Preliminary Budget/Budget Justification, Agreement, Hospital Departmental Impact and Information Form, etc. can be accessed through this tab.
Approvals	• This is where all Hospital Operational Directors who have been selected to approve the application will access the "A pproval Process" button.
Logs	 There are two logs: Application Workflow Log: tracks and time stamps approvals and messages. The Workflow Log starts to populate after the PI submits the application; Application Log: tracks and time stamps every action taken on the

 Although you can view an application by going through its different tabs and sub-tabs, you may also export it to Word or PDF which allows you to view the entire application in one document.
